What is MATAR AI Ecosystem?

Introduction

Welcome to MATAR, where cutting-edge AI meets the robust security of blockchain solutions. Explore the forefront of innovation as we seamlessly integrate artificial intelligence with blockchain technology, revolutionising the way businesses operate and ensuring a secure, transparent, and efficient future. Join us on a journey of limitless possibilities at the intersection of AI and blockchain with MATAR.

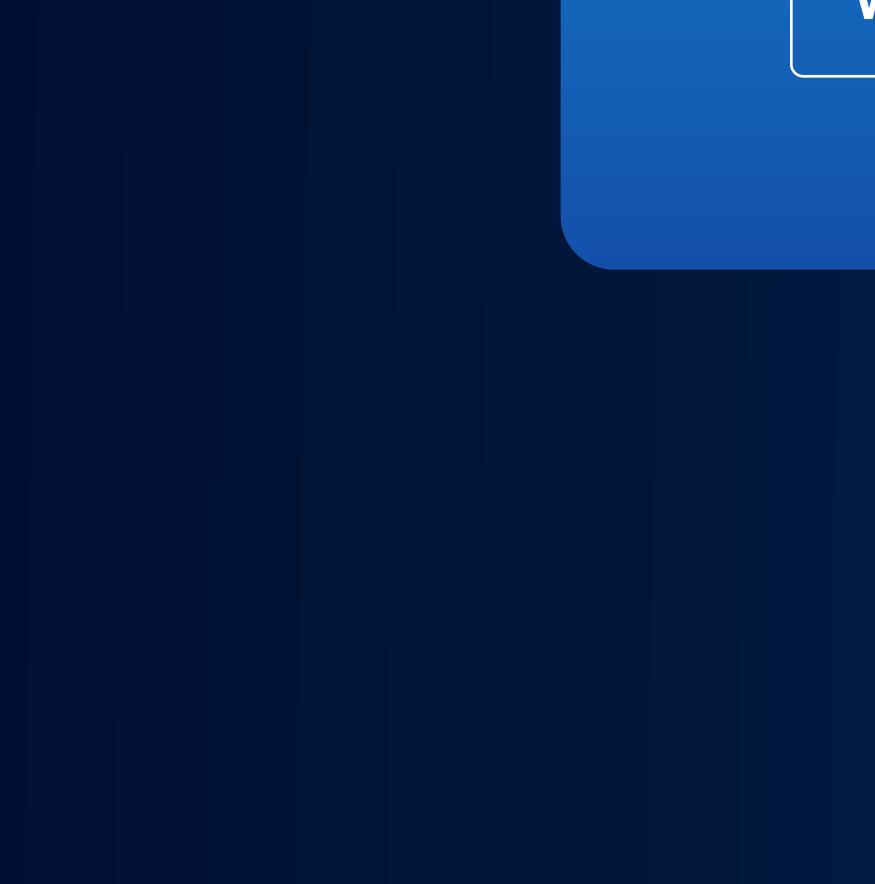

What We Do?

Our Services

01.

NFT Holder Rewards Program

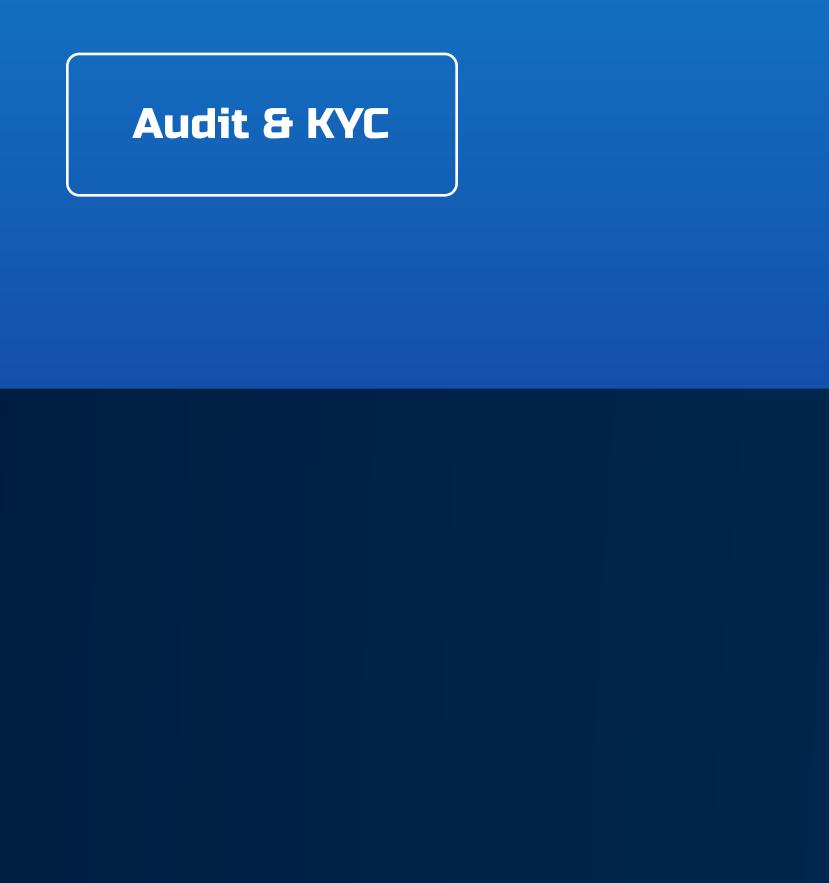

Unlocking value for MATAR NFT holders by offering exclusive rewards every three months, incentivizing long-term engagement and loyalty within the MATAR ecosystem.

02.

Swap

Easily exchange digital assets through our swap service, facilitating quick and secure transactions within the MATAR ecosystem.

03.

Visa Card Integration

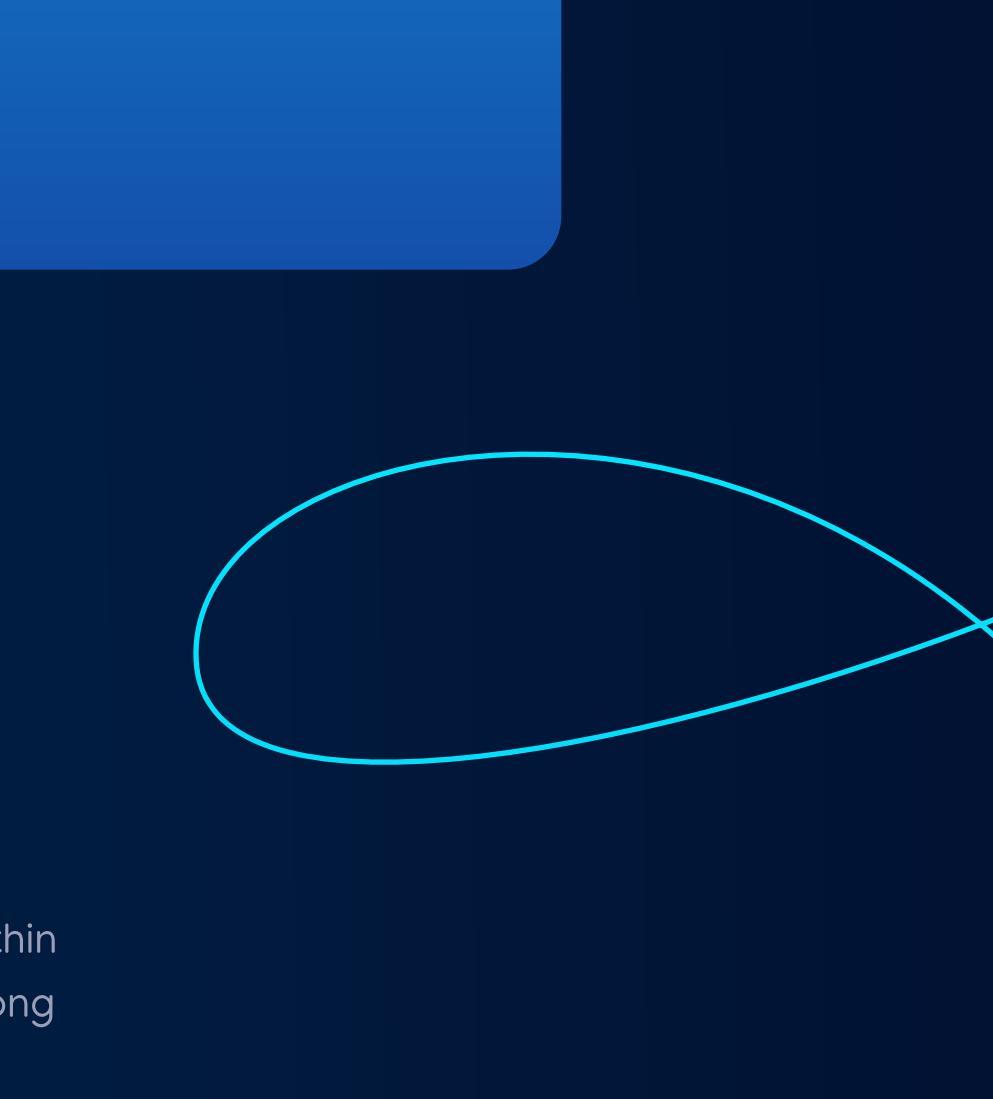

Experience seamless swapping, buying, and selling of digital assets with the MATAR Wallet, integrated with Visa card for convenient transactions.

04.

AI Integration in Blockchain Solutions

Showcase and sell NFTs globally in our integrated marketplace.

MATAR Wallet

YOUR GATEWAY TO CRYPTO FREEDOM

Explore the world of cryptocurrencies with Matar Wallet, a powerful and user-friendly app available on both the App Store and PlayStore. Stay informed about market trends, effortlessly swap tokens, and take control of your digital assets in one secure and convenient platform. Experience the future of finance at your fingertips with Matar Wallet.

TOKENOMICS

MATAR AI Tokenomics is carefully thought out and structured for longevity. It ensures value is accrued for all token holders within the ecosystem. The structure is designed to allow the platform to adapt to new opportunities and challenges alike, with a strong emphasis on the community being the driving force behind its growth.

ABOUT TOKEN

Token name:	MATAR
Ticker Symbol:	MATAR
Chain:	BNB Smart Chain BEP20
Buy Tax	2%
Sell Tax	4%

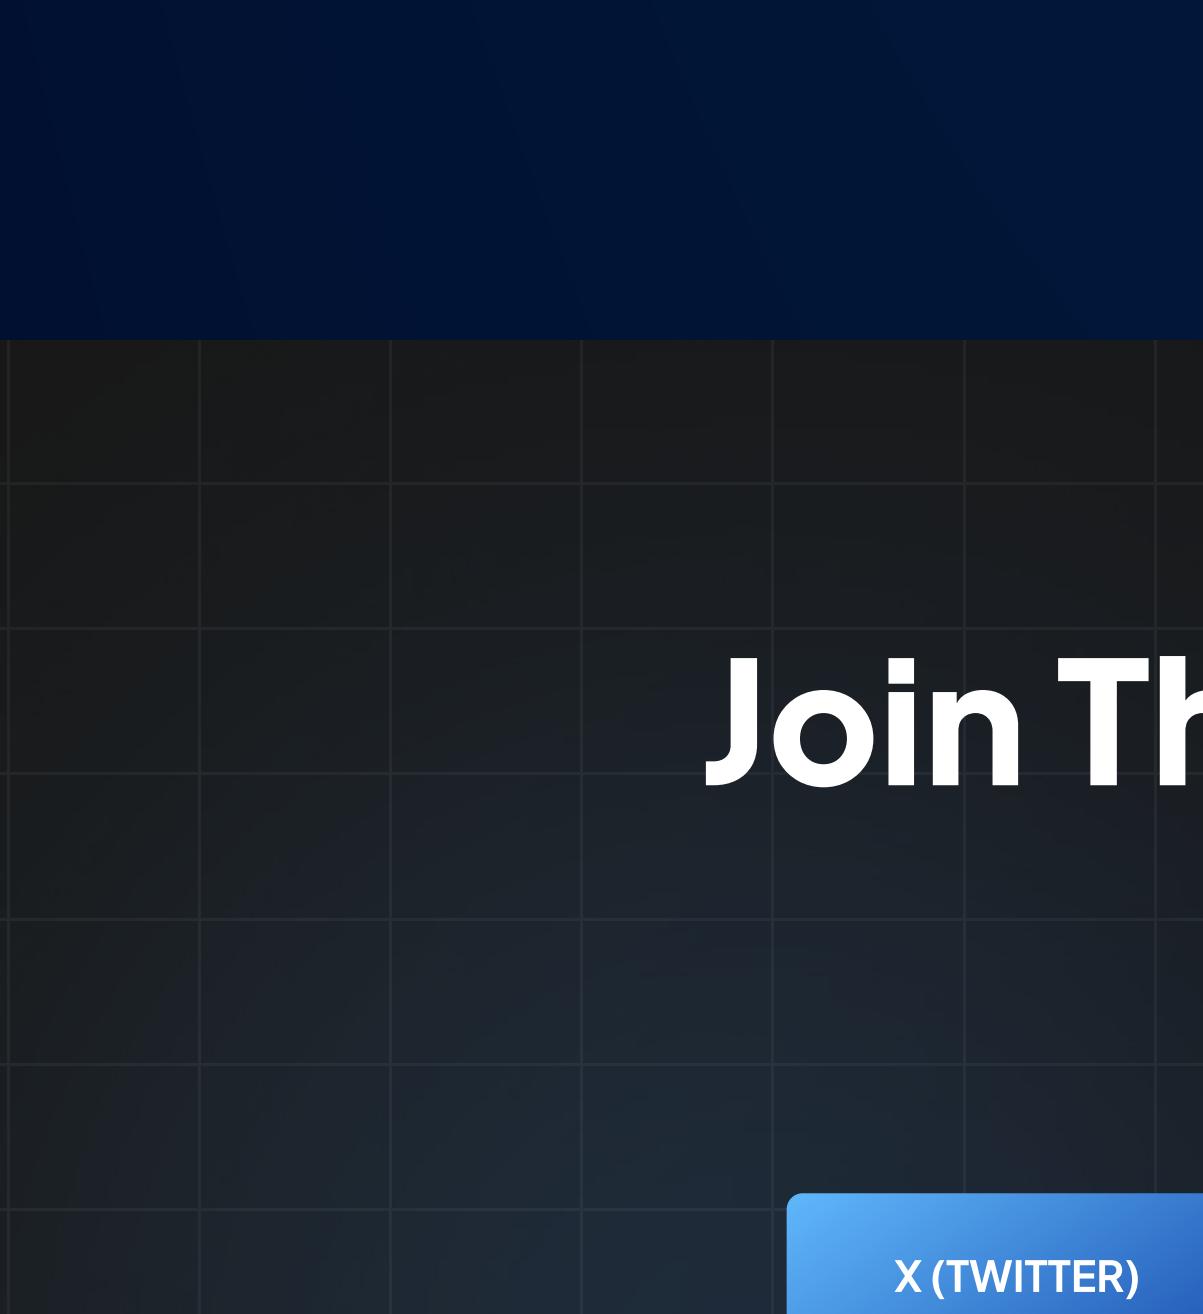

ALLOCATION OF FUNDS

Total token supply – 21,000,000 MATAR

- 4.76% Presale
- 6% Partnership Funds
- 4.76% Burning
- 19.48% Exchange & Liquidity
- 25% Marketing
- 40% AI Blockchain

WHY CHOOSE OUR TOKEN

WHY MATAR TOKEN?

- Total Supply Management with 2% Buy and 4% Sell Tax
- Facilitates Controlled Burning, Creating Supply Scarcity
- Result: Potential Increase in Token Value

TOKEN UTILITY AND SERVICES

- Token Use: MATAR Token Powers Essential Project Services
- Token Structure: 2.5% Tax Structure
- Token Used for AI Integration in Blockchain Solutions
- Sustainable Ecosystem with Service Fees

OUR BLOCKCHAIN

- Custom Blockchain Infrastructure
- Secure and Efficient Blockchain Tailored for MATAR
- Decentralisation
- Ensuring Transparency and Trust in Transactions

ROADMAP

THE TIMELINE OF OUR BUSINESS

PLANNING AND PREPARATION

- Define the objectives of token creation, wallet integration, and NFT Matar functionality.
- Conduct market research to understand user needs and preferences.
- Assess technical requirements and choose suitable blockchain platforms and protocols.

DEVELOPMENT

- Develop the Matar token
- Develop & Integrate wallet functionality to allow users to securely manage Matar tokens and NFTs.
- Implement option for users to purchase crypto with credit/debit cards directly from the wallet.

ADVANCED FEATURES INTEGRATION

- Add functionality to send crypto balances using username:matar addresses for ease of use.
- Develop feature to display gains claimed from holding NFT Matar every 3 months.

SWAPPING SERVICE INTEGRATION

- Integrate a swapping service for seamless exchange of cryptocurrencies within the wallet.
- Validate functionality and usability of token and wallet features.

POST-LAUNCH ACTIVITIES

- List Matar token on decentralized exchanges (DEX) after presale completion.
- Apply for and secure listings on CoinMarketCap (CMC) and CoinGecko.

FUTURE PARTNERSHIPS

- Listing in Top CEX
- Partnership with big web3 Companies
- NFT Marketplaces
- Visa Debit Card Integration

FAQS

What is Matar AI?

MATAR AI is not just a project; it's a paradigm shift in the digital landscape. We're a dynamic platform offering a blend of cutting-edge technologies, including smart contract creation, website development, image merging, staking, NFTs, secure wallets, and robust blockchain solutions. It's the ecosystem where innovation meets empowerment.

How does it work?

How do I benefit from the MATAR Token?
